

Commodity Credit Corporation, USDA

§ 1429.111

(b) If adequate proof of marketed production and supporting documentation in support of any application for payment is not presented to the satisfaction of CCC or the FSA county office requesting information, the application and the producers on that application will be determined ineligible for payment.

§ 1429.107 Maximum and final payment rates.

(a) Subject to the funding limits that may apply to the program, the estimated maximum per pound payment rates for fresh market asparagus and for processed market asparagus are:

(1) \$1.06 per pound (\$106.00 per hundredweight) for 2003 crop quantities of asparagus marketed to fresh markets; and

(2) \$1.08 per pound (\$108.00 per hundredweight) for 2003 crop quantities of asparagus marketed for processing.

(b) This program will be administered to assure that total payments do not exceed the available funding. If the total value of payments claimed calculated using the maximum payment rates specified in paragraph (a) of this section exceeds the funding available for each marketing category, less any reserve that may be created as specified in § 1429.109, the payment quantities will be paid at a lower rate determined by dividing the funds available in each marketing category of asparagus, by the payment quantity from applications received by the end of the application period in each marketing category.

(c) In no event will the payment rate exceed the maximum payment rate for each marketing category of asparagus determined in paragraph (a) of this section.

§ 1429.108 Calculation of individual payments.

(a) Producers will be eligible for payment for both fresh and processed asparagus. CCC will calculate the payment quantity of 2003 fresh and processed asparagus for an asparagus farm operation based on the lower of:

(1) Reported production reflected on the application, or

(2) If applicable, determined production.

(b) The payment quantity will be multiplied by the following:

(1) Each asparagus producer's share, and

(2) The payment rate for the fresh or processed asparagus determined as specified in § 1429.107.

(c) If the total value of payments claimed exceeds the available funding, payments to producers are subject to a \$100,000 cap per each of the two program marketing categories (fresh and processed) per asparagus producer as defined in this part, not per "person" or "legal entity" as those terms might be defined in part 1400 of this title.

§ 1429.109 Availability of funds.

(a) Payments specified in this part are subject to the availability of funds. The total available program funds will be \$15,000,000 as provided by section 10404 of Public Law 110-246.

(b) Of the available funds, \$7,500,000 are allocated for fresh market asparagus production and \$7,500,000 are allocated to processed market asparagus.

(c) CCC will prorate the available funds by a national factor to ensure that payments do not exceed \$15,000,000. CCC will prorate the payments in such manner as it, in its sole discretion, finds fair and reasonable.

(d) A reserve will be created to handle appeals and errors. Claims will not be payable once the available funding is expended. Any amount of funds reserved for such purposes that are not disbursed for the purpose of correcting errors or omissions, or for the payment of appeals, will not otherwise be distributed to any payment applicants and will be refunded to the U.S. Department of Treasury.

§ 1429.111 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions, or remedies as may apply, an asparagus producer will be ineligible to receive assistance through the Asparagus Revenue Market Loss Assistance Payment Program if the asparagus producer is determined by CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;
